AUTOMOTIVE WOODWORKING FABRICATING & WELDING SMALL ENGINE COMPUTER DESIGN CONSTRUCTION AND MORE

Walking Tall has fed me, educated me, brought me closer to God, and made me a more confident man. Before Walking Tall, I didn't know much about woodwork, metalwork, computer science, etc. I know more since I've been to Walking Tall. I have learned to take accountability for my actions and be one hundred percent more confident in myself, and honestly, those are two key things in life. Without confidence or responsibility, you can't get anywhere in life. So thank you Walking Tall, for making me a better man.

We are witnessing Gabe and other young men becoming more diverse in the choices offered here; recently, he has added computer-aided design (CAD) classes to his hands-on learning skills.

Let us then approach God's throne of grace with confidence, so that we may receive mercy and find grace to help us in our time of need.
Hebrews 4:16

Thank you for your prayers and support

*If you haven't ever supported Walking Tall, please consider a one time donation or regular monthly donation to support and continue offering many skills to these young men. Thank you so much!
Walking Tall: PO Box 3789 Central Point, OR 97502 or walkingtalso.org for online donations.*
