Hello, my name is Larry Ball, and I am a relatively new mentor at Walking Tall Southern Oregon. Six months ago, I joined the Walking Tall team and have thoroughly enjoyed being part of such an amazing ministry! Lori and I moved to Eagle Point nearly two years ago, and we are also fairly new to the Rogue Valley. My friend Dan from church introduced me to Walking Tall. I was both amazed and inspired by what I saw. I felt very welcome the first day attending and immediately felt part of a team with focus and purpose. Also, I noticed that the young men at Walking Tall are very respectful and eager to learn. I have used some of my previous career skills, knowledge, and experience to teach a few young men about wiring and lighting installations on the bus project.

Our Walking Tall challenge coin was designed specifically for the mentors and young men in mind; One side is a reminder, when held or touched, to follow the example of Christ. While the other side of the coin, the Armor of God, represents we are family and have each other's back.

Therefore welcome one another as Christ has welcomed you, for the glory of God.
