Miracles from God

I was 10 when my family moved back to Oregon, and we had little money. Life is more manageable when you have faith in Jesus because he will always provide, like when we don't have enough food and we pray, people give us food. My mom's car engine blew up once, and that was the only car we had; a lady came up to my mom and said I feel like God wanted me to give you this check to fix your vehicle. Another time, we had to sell our house, and we had just the right amount of money to purchase a motorhome. We parked it at a place where they needed the presence of someone living there because druggies would come around. One night, there was a drive-by shooting, and thankfully, not even one of the bullets hit our motorhome. We've had so many marvels happen for my family that I feel desensitized by it, but I shouldn't because these miracles are from God.

Walking Tall has been a positive place for me. Having other male role models to talk to besides my dad is excellent. WT is not like a work scenario but more like a family helping you learn skills. Recently, I have been working on dirt bikes with Mentors Bill, Tony, and Bruce. I helped work on the dirt bike forks by making the oil mixture just right to make the suspension work best for the young men and mentors, and that was great to be a part of. I like Walking Tall, and it's a cool opportunity for kids instead of just running around and getting into trouble.

Isaiah

I want to improve my faith, not by putting a check mark down when I read my bible, but by a better connection with God, and I'm encouraged in that relationship at Walking Tall.

But Jesus looked at them and said, "With man this is impossible, but with God all things are possible."

Matthew 19:26
