## Cycle of Life

My name is Jason, I'm a heavy equipment operator that maintains public roads. I enjoy hunting, fishing, and dirt bike riding. I found out about Walking Tall through a friend who is also a mentor, and I brought my son along with me. I remember opportunities like this when I was in school, but not for children my son's age. Nowadays, I feel kids don't have as many friends as they used to, and they need to socialize and spend time with fellow Christians. When we first came to Walking Tall, everyone was so welcoming that we felt we had known them for a long time. Also, the camping trip at Fish Lake was fun, and a great place to get to know people better. When I chose to become a mentor in Walking Tall, it was to help young men develop their skills and grow in a Christian environment under the guidance of knowledgeable mentors. My son attends a public school where he lacks such opportunities. I am incredibly grateful for God, my wife, my son, and my dog. However, my proudest accomplishment is being a father and teaching my son the values of life. He has developed a passion for dirt bike riding, and it brings me joy to see him pursue his interests. One day, I hope I can overcome my shyness and become more confident when speaking in large group activities at Walking Tall. In the future, I would like to be more involved as I am unable to spend as much time with my family as I would like. Time seems to pass by so quickly in our everyday lives, and once it's gone, we can never get it back. The Walking Tall program is very unique and a real blessing for the young men.

Mentor Jason

Therefore, as we have opportunity, let us do good to all people, especially to those who belong to the family of believers.

Galatians 6:10
