## A Fulfilling Path

Silas is thriving at Walking Tall (WT) and enjoying the company of many friends. Before joining, he spent most of his time at home, playing video games, and doing schoolwork. Working with some of his brothers at WT helps him build a better relationship with them and steers him out of the house. *"I enjoy coming to Walking Tall because everyone here feels like family. Every time I visit, we greet each other and get to know one another well. I'm not very social, so I really appreciate that about WT."* Silas once aimed to be a soccer player, but now he's considering a career in trades due to his acquired construction skills. He has obtained experience installing fire cabinets for flammable materials and is working on rebuilding a motorcycle trailer. Spending time with the mentors is something Silas enjoys because he feels comfortable asking them anything and learning from their experience in the trades. He appreciates that they volunteer their time and teach him valuable skills that he hopes to pass on to the next generation.

*"I feel like I have grown closer to God through Walking Tall. With everyone here open about their faith, which motivates me to talk about mine. I'm looking forward to getting married, having kids, a sustainable job, and own a house. The future sounds exciting!"*

Each of you should use whatever gift you have received to serve others, as faithful stewards of God's grace in its various forms.
